Commemoration of

1935

Four Hundred Years of the Printed English Bible

*The Influence of The English Bible  
upon the English Language and upon English  
and American Literature*

The Purpose of the Commemoration

*To give thanks to God in private and public assemblies*

- for His great gift of the printed Bible in our own tongue,
- for the sacrifices and labor of those through whom it has come to us,
- for its place in the life and heart of the English-speaking peoples for four hundred years;

*To bring into our national and personal living at this critical time the great wholesome, moral and spiritual influences of the Bible*

- by encouragement to the constant use of it by hundreds of thousands of readers, new and old;
- by helping all who do not possess it to have it for their own—especially in America's homes.

*No effort has been made to introduce other classifications of authors than the two main groups "Poetry" and "Prose." Some authors belong in both these groups, but are referred to only once.*
